The Annique Rooibos story began millions of years ago in the Cederberg area of the Western Cape and has grown to become the cornerstone of Annique's health and beauty solutions. The clean air and pure mountain streams are ideal and it is fascinating that Rooibos only grows in this specific area. The Cederberg Mountains are known for their well-preserved prehistoric rock paintings and scenic beauty.

Over the next two years we will be tracing Rooibos' journey; from its cultivation in the fields all the way to its packaging process and incorporation into our products so it can be delivered to you. Keep an eye on the Beautè and be part of this thought-provoking process.

Annique's theme for January is Rooibos Resolutions. As you reevaluate your life in the new year, add the wonder-herb to your new year's resolutions so you too can reap the unsurpassed benefits. Happy new year!

Skin Detox's creamy texture definitely adds value to my skin and acts as my skin's building blocks."
